W 124	<p>Continued From page 3</p> <p>3. The facility failed to ensure a system/protocol had been maintained at the day program to address Client #3's behaviors.</p> <p>Observation of Client #3 at his day program on June 10, 2008 beginning at 10:43 AM revealed the client seated at a table with staff in the craft/jewelry center. At 10:45 AM, staff was observed to attempt to engage Client #3 in an activity, but the client refused and picked up some objects from the table and the floor and threw them. The staff member was then overheard to say, "ok ok, you are not going to do no work." It should be noted that one of the objects the client threw nearly hit Client #2, who was seated at the table behind him.</p> <p>At 10:46 AM, the staff member asked Client #3 if he wanted to go to the music room. The client initially refused and was observed to bite his hands and kick a chair. The client then complied and left the craft/jewelry center to go to the music room. At 10:50 AM, the client was observed in the music room. The client was observed to take one of his bibs off and throw it onto the floor. After which, the client was observed to leave the music room and exit the day program using the back door. At 10:52 AM, the staff member was observed with Client #3 outside. The staff member was observed telling Client #3 it was too hot to be outside. At 10:53 AM, the client and staff person were observed to re-enter the day program. At 10:55 AM, Client #3 was observed to attempt to leave the day program again, but the staff person assisting him explained that it was too hot to go outside. The client subsequently went back to the music room and threw a chair.</p> <p>Interview was conducted with the day program</p>	W 124	<p>W124</p> <p>The QMRP will ensure that a system is maintained at the day program to address the behavioral concerns of client #3. Baseline data is currently being collected for a 60 day period in the home as well as in the day program. During the survey the behavioral specialist was contacted concerning the behaviors displayed and came out to the home and held an emergency in-service training with staff concerning baseline data collection for client #3. The day program is currently collecting baseline data on the behaviors of concern. The QMRP will ensure that the day program is documenting and will forward the information to the QMRP for review. A behavior support plan will be implemented if warranted at the end of the baseline period. In the future the QMRP will ensure that collaboration between the day program and the home exist and behavioral concerns are addressed as needed in a timely manner in the home as well as in the day program for all individuals.....07/02/08</p>

W 189	Continued From page 7 with initial and continued training that enabled them to perform their duties effectively, efficiently, and competently. The findings include: [Cross Refer W148] Review of the facility's incident reports on June 9, 2008, revealed an incident involving Client #1 dated May 26, 2008. According to the report, Client #1 "lost his balance causing him to fall on his right side." Continued review of the incident report revealed the client sustained a rug burn to his upper right cheek. Review of the corresponding investigation (dated May 26, 2008) on June 9, 2008 at 9:30 AM revealed that as a result of the incident a recommendation was made to inservice staff on the 1:1 job description. It should be noted that interview with the Qualified Mental Retardation Professional (QMRP) on June 9, 2008 at 8:30 AM revealed that Client #1 had 1:1 staffing supports 24 hours a day to assist with his ambulation (unsteady gait) and his behaviors. Interview with the facility's incident management coordinator and review of the facility's inservice training records on June 9, 2008 at 12:27 PM revealed the inservice had not been conducted. At the time of the survey, the facility failed to ensure staff were trained on the 1:1 job description for Client #1 as recommended.	W 189	W189 The QMRP will ensure that everyone in the home is re-trained on the 1:1 job description for client #1. The in-service training took place on 06/19/08 and it was explained to staff that client #1 should work with male staff because of his stature and his ambulation issues of an unsteady gait. Everyone in the home was trained as well as the females because emergency situations do occur within the home. On the schedule client #1 is assigned to male staff. The job description was thoroughly reviewed and discussed. Assigned 1:1 have been told that they are to be within arms reach of all 1:1 at all times. BRA is in the process of hiring male staff with experience in this field for an on-call pool for every home. The 1:1 that was assigned to client #1 has been temporarily removed from working with client #1 until completion of more intensive routine training by the QMRP Coordinator on the 1:1 job description and the overall responsibilities of the 1:1 to feel comfortable that the support staff involved understands his responsibilities. In the future the QMRP will ensure that appropriate staffing is in place for client #1 and all other 1:1 in the home at all times.....06/19/08

W 229	Continued From page 10 Client #1 will be given 3 verbal cues 100% of the time to complete the following steps to prepare for his medication regime: 1) Wash his hands, 2) Pour water for medication, 3) Take medication and place in his mouth 4) Drink water from cup, 5) Dispose of cup in the sink or trash every evening between 5:00 PM and 7:00 PM for 12 months. Further review of Client #1's data collection form for the month of June 2008 revealed the client required hand over hand assistance to complete the tasks of washing his hands and pouring the water. At the time of the survey, the facility failed to ensure Client #1's IPP documented his self-medication program objective, separately, making certain that the objective identified a single behavioral outcome.	W 229			
W 249	483.440(d)(1) PROGRAM IMPLEMENTATION As soon as the interdisciplinary team has formulated a client's individual program plan, each client must receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan. This STANDARD is not met as evidenced by: Based on interview and record review, the facility failed to ensure each client received continuous active treatment services, for one of the three clients (Client #3) included in the sample. The finding includes:	W 249	W249 The QMRP will ensure that all recommended goals and objectives are implemented as recommended. In the future the QMRP will monitor active treatment documentation on a weekly basis and ensure that all recommended goals and objective for each individual are written on the individual program plan and documented as recommended on a monthly basis. The QMRP will review documentation monthly and make necessary revisions as needed for all goals and objectives for each individual.....07/01/08

I 376	3519.7 EMERGENCIES Each GHMRP shall notify promptly the resident's guardian, next of kin, and sponsor of the death of a resident. This Statute is not met as evidenced by: Based on interview, and review of the records the GHMRP failed to ensure parents/guardians were notified of serious incidents, for three of the six residents (Residents #1, #3, and #6) residing in the facility. The findings include: Review of the facility's incident reports on June 9, 2008 beginning at 8:40 AM revealed the following: 1. On May 26, 2008 a direct care staff reported an incident involving Resident #1. According to the report, Resident #1 "lost his balance causing him to fall on his right side." Continued review of the incident report revealed the client sustained a rug burn to his upper right cheek. Interview with the Qualified Mental Retardation (QMRP) on June 9, 2008, beginning at 9:30 AM revealed Resident #1 received 1:1 male staff supervision twenty-four hours each day. Continued interview with the QMRP revealed the client was not supervised by his assigned 1:1 male staff when he fell because the 1:1 male staff	I 376	3509.6 Personnel Policies The QMRP will ensure that all health certificates are current and updated in a timely manner for all direct care staff. The outstanding health certificates for the two staff have been received. In the future the QMRP in coordination with the Facility Coordinator will review the health certificates files at the beginning of each month and send out letter to staff no less than one month in advance of their expiration date requesting their updated health certificate for the records.....07/10/08

I 376	<p>Continued From page 3</p> <p>was directed to go outside and assist with the preparation of the facility's cook-out. According to the QMRP, in the absence of the male 1:1 staffing support, she assigned Resident #1 to work with a female staff. It should be noted that discussion with QMRP further revealed that Resident #1 does not respond well to female staff because he is "tall in stature and the females can't handle him." Additionally, discussion with the QMRP revealed that "males are able to keep him from falling."</p> <p>Note: Interview with the QMRP on June 9, 2008 at 8:30 AM revealed Resident #1 had a legal guardian. At the time of the survey however, the facility failed to provide evidence that Resident #1's legal guardian was notified of the aforementioned incident.</p> <p>2. On January 9, 2008, staff reported an incident involving Resident #6. According to the report, Resident #6's blood pressure was elevated and he was transported to the emergency room for evaluation. Interview with the QMRP on June 9, 2008, beginning at 8:30 AM revealed that Resident #6 had legal guardian. At the time of the survey, there was no documented evidence that Resident #6's legal guardian was notified of the aforementioned incident.</p>	I 376	<p>3519.7</p> <p>Emergencies</p> <p>The QMRP will ensure that everyone in the home is re-trained on the 1:1 job description for client #1. The in-service training took place on 06/19/07 and it was explained to staff that client #1 should work with male staff because of his stature and his ambulation issues of an unsteady gait. Everyone in the home was trained as well as the females because emergency situations do occur within the home. On the schedule client #1 is assigned to male staff. The job description was thoroughly reviewed and discussed. Assigned 1:1 have been told by the QMRP that they are to be within arms reach of all 1:1 at all times. They are not to leave their individual for any reason as they are the assigned 1:1 and will be held accountable if any incident occurs. BRA is in the process of hiring male staff with experience in this field for an on-call pool for every home. The medical guardian has been informed of the incident on 06/26/08 and has come out to the home to review the records. In the future the QMRP will ensure that appropriate staffing is in place for client #1 and all other 1:1 in the home at all times. The QMRP will also ensure that all legal guardians assigned by the courts or family members are notified within 24 hours of any incident occurring for all individuals.....07/08/08</p>

I 401	<p>Continued From page 4</p> <p>This Statute is not met as evidenced by: Based on observation, interview and record review, the GHMRP failed to ensure professional services included the identification of developmental levels and need, including treatment services for one of the three residents (Resident #3) included in the sample.</p> <p>The findings include:</p> <p>Observation throughout the survey, revealed Resident #3 utilized bibs to assist with his excessive drooling. Interview with the nurse and review of Resident#3's June 2008 Physician's Orders (POS) on June 11, 2008 revealed the resident was prescribed Hydroxyzine to decrease the saliva. The nurse further indicated that the Hydroxyzine had been initially administered approximately six months prior to the survey date. Additionally, interview with the nurse revealed that the client's drooling had not improved.</p> <p>Review of the Resident #3's record on June 10, 2008 at 4:37 PM revealed the resident's Health Management Care Plan (HMCP) dated August 1, 2007. The HCMP, that was completed by the Registered Nurse, documented information including risk areas or conditions, specific concerns, and risk management procedures. Further review of the plan however, failed to document any information about how the resident's drooling was being addressed.</p> <p>On June 11, 2008, an interview was conducted with the facility's Licensed Practical Nurse (LPN) to ascertain information about how the resident's drooling was being treated. The HMCP was reviewed with the nurse and it was verified that the management of the drooling was not a part of the plan. At the time of the survey, the facility's</p>	I 401	<p>3519.7 Emergencies The QMRP will ensure that that all legal guardians assigned by the court or family members are informed of all unusual incidents that occur in a timely manner. The medical guardian for client #6 has been informed of the incident that occurred and has come out to the home to review records and visit with client #6. In the future the QMRP will ensure that all legal guardians assigned by the court or family members are informed of all unusual incidents with 24 hours of their occurrence.....07/08/08</p>

I 401	Continued From page 5 nursing personnel failed to ensure Resident #3 had a comprehensive HMCP that documented information about how his excessive drooling was to be monitored and treated. Note: At the end of the survey, the facility's Registered Nurse submitted a new HCMP that documented a "specific concern" of drooling in the section of the plan entitled, "Nutrition."	I 401		
I 422	3521.3 HABILITATION AND TRAINING Each GHMRP shall provide habilitation, training and assistance to residents in accordance with the resident ' s Individual Habilitation Plan. This Statute is not met as evidenced by: Based on interview and record review, the GHMRP failed to ensure habilitation, training and assistance was provided to its residents in accordance with their Individual Habilitation Plan(s), for one of the three residents (Resident #3) included in the sample. The finding includes: Review of Resident #3's records on June 10, 2008 at 2:5M revealed the resident had an Individual Support Plan (ISP) dated December 18, 2007. Interview with the Qualified Mental Retardation Professional (QMRP) on May 29, 2008 and further review of Resident 3's record revealed that at the time of the ISP meeting, the interdisciplinary team recommended program objectives including the following: Given verbal prompts, Resident #3 will use the toilet appropriately 80% of the trials for three consecutive months.	I 422	3520.3 The QMRP will ensure that all specific concerns are address appropriately in the health management care plan by the RN Coordinator during the ISP and quarterly reviews. The specific concern of drooling for client #3 has been addressed in the health management care plan under the nutrition issue because of the issue of hydration. The issue of drooling will be addressed along with documented information about how his excessive drooling will be monitored and treated. The issue of the increase in the Hydroxyzine was discussed with the pharmacist and the team at the human rights committee meeting. The Hydroxyzine has been increased and client #3 will be monitored closely over the next several months. In the future the QMRP in collaboration with the RN Coordinator will ensure that all specific concerns including risk management procedures will be addressed in the health care management plan along with how the issue will be monitored and treated.....06/28/08

R 000	INITIAL COMMENTS A re-licensure survey was conducted from June 9, 2008, through June 11, 2008. A random sample of three residents was selected from a residential population of six males with mental retardation and other disabilities. The survey findings were based on observations in the group home and at one day program, interviews, and a review of records, including unusual incident reports.	R 000			
R 125	4701.5 BACKGROUND CHECK REQUIREMENT The criminal background check shall disclose the criminal history of the prospective employee or contract worker for the previous seven (7) years, in all jurisdictions within which the prospective employee or contract worker has worked or resided within the seven (7) years prior to the check. This Statute is not met as evidenced by: Based on interview and record review, the GHMRP failed to ensure criminal background checks disclosed the criminal history of any prospective employee or contract worker for the previous seven (7) years, in all jurisdictions within which the prospective employee or contract worker had worked or resided within the seven (7) years prior to the check. The finding includes: Interview with the Facility Coordinator on June 11, 2008, and review of the GHMRP's personnel records on June 9, 2008, (11:10 AM) and June 11, 2008, at approximately 4:00 PM revealed that the GHMRP failed to provide evidence that criminal background checks were on file and disclosed a seven year history of all the	R 125
